

Noah Michaels

Product Designer

Raleigh, NC | 919-376-6669 | hi@nm.works | nm.works

PROFILE

Digital/product designer with 6+ years of experience across visual design, web interfaces, and public-sector communications. Skilled at turning complex content and workflows into clear, accessible digital experiences, with front-end skills in React, Tailwind, WordPress, HTML/CSS, and WCAG-informed design.

EXPERIENCE

- Graphic & Production Designer**, NC General Assembly | Raleigh, NC 2021–Present
- Built a reusable template system and visual standards to support consistent, faster production of recurring digital and print materials serving 170+ legislative members.
 - Connected print and event materials to digital career resources for 7+ events through strategic QR placement and clearer calls to action.
 - Led information architecture and layout design for complex, data-heavy publications, making dense legislative content easier to scan, navigate, and produce accurately.

- Web & Graphic Designer**, Creative Printing | Boone, NC 2018–2020
- Redesigned the online job submission portal with responsive icon-grid navigation, clearer information hierarchy, and a simpler path from project selection to submission.
 - Designed and developed 20+ WordPress websites, collaborating directly with clients from wireframing and scope definition through feedback-driven iterations.

PROJECTS

Wheely Weather, Cycling weather decision app

wheelyweather.app | *React, Vite, Tailwind CSS*

- Designed a glanceable dashboard that translates forecast data into ride-quality metrics, hourly outlooks, best-day picks, and weather-based kit guidance for cyclists.
- Built and deployed the responsive front end, integrating Open-Meteo and NWS data on Cloudflare Pages.
